## Navigator III

Navigator III will bring you real boat feeling! It is designed for fishing, camping, yacht tending, river running and pleasure cruising. The reinforced 3-ply PVC bonds impervious inner and outer PVC layers to a dense polyester support cloth. It resists cuts and abrasions and is easily repairable in the unlikely event of a puncture. Inflatable keel creates fast speed and good control on direction. Rubber strake offers extra protection for boat. Optional fittings for motor make your dream of flying on water possible.

### Structure :

1. Rigid hull with 2 main air chambers.
2. I-beam inflatable floor with drain plug.
3. Inflatable cushion seat for comfort.
4. Quick inflation/deflation valves.
5. Inflatable keel.
6. All around rubber strake.
7. Full set include boat, cushion seat, pump, oar, carry bag.
8. Motor fittings is optional.
9. Repair kit. Color box.

Special material

Heavy Gauge PVC  
Polyester Mesh  
Heavy Gauge PVC

Reinforced 3-ply PVC bonds impervious inner and outer PVC layers to a dense polyester support cloth.
