## RIGID HULL Inflatable Boat

Rigid Inflatable Boats, or RIBS, are the backbone of Mr.Boatman business. They transform a dinghy to a speedboat. Whether you use it for sport, or general transport, you'll feel more confident in a Mr.Boatman RIB. We built our reputation on our boats' durability, strength and appearance. If you use your boat where it's likely to rub on the bottom, or be high and dry in tides, you should seriously consider why most of the army and harbor pilots entrust their lives to the most innovative and the safest boat: the RIB. To be sure the boat you are buying is a masterpiece we add to the quality control checks one of the strongest warranties in the industry.

## FOLDABLE Inflatable Boat

Roll-up ... the hottest idea in the industry. Whether for camping, yacht tender or sport, the name alone implies convenience, ease and simplicity. Mr.Boatman takes the basic idea and improves it to give you the safest, pastes, most dependable roll-up your money can buy. Although collapsible for compact storage and easy transport, Mr.Boatman roll-up are made strong for durability and safety. Our patented reverse sheer stern swim steps make boarding easy and give you a better ride. They create more buoyancy aft. It saves fuel too. This extra strength our recommended engine horse power capacity is often greater than that of our competitors. Deck is made form plywood and coat with non-slip material or the comfortable choice of small size with inflatable floor.
